

AID-1 Desktop Intercom

J. Zähl
Zähl

AID-1 is an analogue one channel 4-wire Intercom.

Its smart configuration features make it easily adaptable to any analogue communication setup.

At the same time it is a perfect choice for voice-over applications.

It provides a high quality phones amplifier and transformer balanced Microphone and Line I/Os.

AID-1 is powered by 12V-24V DC. An external, universal input power supply is included with the unit.
